Conversion of the Weaving Factory into a Textile Institute

With reference to correspondence ending with your D. O. letter No. D. 1401/I & C 112-19 dated 16th Septr. 1933. calling for the report in regard to the scheme for the conversion of the Weaving Factory into a Textile Institute, I have the honor to state as follows -

The Committee appointed by Government to go into this question and make recommendations, met twice and considered the subject. They were of unanimous opinion that the Weaving Institute should be a part of the Silver Jubilee Technological Institute. They could not pursue the matter further and conclude their deliberations in view of the fact that this subject had been included among the subjects referred to the Committee appointed in connection with the Silver Jubilee Technological Institute.

It is learnt that the final syllabus is now receiving the attention of the Board of Management of the Jubilee Technological Institute recently constituted by Government. In the meantime, the Weaving Factory as a Commercial concern has been closed, and in its place, the Weaving Institute has been organised on a temporary basis and its continuance is being sanction by Government from year to year. I therefore request that I may be permitted to submit my final report regarding the Textile Institute when the whole question of instruction in Textile Technology is decided by
